

GF9-H

END OF LIFE / DISPOSAL

END OF LIFE / DISPOSAL

- To protect the environment please recycle materials where possible.
- Remove / reclaim refrigerant gas and compressor oil in accordance with applicable laws and/or regulations.
Examples include US EPA 40CFR Part 82, Subpart F.
- Do not dispose the vending machine with other domestic waste. Vending Machines contain electrical and electronic materials that may need to be processed in accordance with local laws and/or regulations. Examples include European Directive WEEE 2002/96/CE
- Recycling this product contributes towards reducing the need for new materials and reducing the accumulation of waste.
