

Open Air Refrigerated Display Case With Health Lock System for Micro Markets and Other Venues

There is a reason why Open-Air Cases are in almost every C-Store -

INCREASED SALES!

Why not have the same great sales in your Micro Market?

The Grab 'n Go concept of Convenience stores works equally well In Micro Markets.

The Open Air case doubles the facings of product over a single closed door cooler.

HEALTH LOCK SYSTEMS FEATURES & BENEFITS

- **Aluminum Coated Curtain** - In the unlikely event of a power or refrigeration failure, the curtain will automatically lower, deterring product purchases.
- **Extended Life Battery Back-up System** - Lowers curtain when the case's internal temperature rises due to a power failure.
- **Clock Feature** - An integrated clock in the control board allows the operator to set a customized window of time (start/end time) for the shade to automatically lower adding increased energy savings during off hours.
- **On Board Display** - Indicates if there was a power outage or compressor failure.

RSCSH Open Air Case w/Motorized Curtain

RSCSH
