

# V21 Dr Pepper Stack Vendor

## Vending Line

3D VACUUMED FRONT

## Doctor Pepper, I presume?

The classic column stack machine features flexible product loading, interchangeable control boards, self-priming vend mechanisms, energy efficiency, reliable vending, and easy servicing.

The 3D Vacuum front option has an attractive, clean look.

DR PEPPER and the DPS logo design are registered trademarks of Dr Pepper Snapple Group.

At SandenVendo America, we take our commitment to the environment very seriously. That's why we're proud to offer our full range of vending machines charged with R290 HC. All models are cUL listed and meet or exceed DOE and Energy Star requirements. R290 is a safe and abundant natural refrigerant with a zero Ozone Depleting Potential and a Global Warming Potential (GWP) of 3, compared to HFC - R134a's GWP of 1,430, so it's clear that R290 is the sustainable choice of the future.
