

High Value Visibility Vendor (HV3)

FEATURES & SPECIFICATIONS

V21 Model Number	621 HV3	721 HV3	821 HV3
Total Can Capacity	544	680	800
Total PET Bottle Capacity	240	300	360
# of Selections / Columns	6 / 8	10 / 10	10 / 10
Dimensions* - H x W x D	72" x 32.5" x 35"	72" x 39.5" x 35"	79" x 39.5" x 35"
Shipping Weight*	570 lbs.	660 lbs.	725 lbs.
Operation Voltage	115v 60Hz	115v 60Hz	115v 60Hz
Amp Rating	8	8	8
Energy Consumption (DOE)	≤ 2.66 kWh/day	≤ 2.91 kWh/day	≤ 2.67 kWh/day
Lighting	LED	LED	LED
Refrigerant Options	R290	R290	R290
Lock Type	T-Handle	T-Handle	T-Handle
Capacity per Column			
12oz. Can	68	68	80
20oz. PET Bottle**	30	30	36
* Dimensions and shipping weight will vary slightly. ** Product capacities will vary based on the shape and size of the bottle.			

- The HV3 is a low cost, energy efficient alternative to the Pepsi HVV. Standard Features include: LED lights, curved signface, sleek new selection buttons and DBV panel, T-Handle lock assembly, UL certified, ADA compliant, ENERGY STAR qualified & meets or exceeds DOE & EPA requirements.
- Rugged top retainer ensures consistent product alignment every time the door is closed.
- The V21 stack allows for maximum flexibility during product loading. Most products can be loaded caps to back, butt-to-butt, or in combination.
- The V21 has a full function MDB controller with DEX/UCS, recycler and wireless telemetry compatibility.
- Energy management features included on every model make the V21 one of the most energy efficient machines available: real time clock, lighting and refrigeration controls, cyclopentane injected foam insulation (HFC free) and now with R290 *refrigerant*.
- The V21 utilizes 24 volt, DC motors that are installed with only two screws for easy servicing. There are no micro switches or timing cams.
- Slide out loading rack allows for greater access to the columns for 2 handed product loading.
- The time tested V21 product delivery system design ensures reliable vending due to reduced sensitivity to package diameter and shape.
