

Hot Food Open Topper Impulse Series

Top of the Line

The Hot Food Open Topper is the first equipment solution that combines the power of the roller grill and a Grab and Go Display. When combining these two powerful impulse purchase equipment solutions, sales will increase by utilizing previously unused space.

With two sizes available for the Hot Food Open Topper, you'll be able to fit most common roller grills sold in the U.S.

The Topper features 360 degree product visibility, stylish design and Xenon lamps.

It's a great way to introduce new products and combine product offerings and promotions!

*Roller grill not included.
